EMERGENCY MANAGEMENT ACT 2005 (WA)
Sections 67 and 72A

PRESENTATION FOR TESTING
(QUARANTINE CENTRE WORKERS) DIRECTIONS (NO 6)

On 15 March 2020, the Minister for Emergency Services declared a state of emergency with effect from 12 a.m. on 16 March 2020 in respect of the pandemic caused by COVID-19 pursuant to section 56 of the Emergency Management Act 2005 (WA) (Act) (State of Emergency). The State of Emergency applies to the State of Western Australia.

I, Christopher John Dawson, Commissioner of Police and State Emergency Coordinator, now give the following directions pursuant to my powers under sections 67 and 72A of the Act.

PREAMBLE

1. The purpose of these directions is to prevent the importation of COVID-19 into the Western Australian community and to otherwise limit the spread of COVID-19 in Western Australia.

CITATION

2. These directions may be referred to as the Presentation for Testing (Quarantine Centre Workers) Directions (No 6).

COMMENCEMENT

3. These directions come into effect at 12:01am on 19 February 2021.

REVOCATION AND CONTINUING OBLIGATIONS

4. The Presentation for Testing (Quarantine Centre Workers) Directions (No 5) (revoked directions) are revoked.

5. Despite paragraph 4 and subject to paragraph 6, a person must continue to comply with any obligations which still applied to the person under the revoked directions immediately before these directions came into effect, to the same extent that the person would have to comply with them if the revoked directions had not been revoked, and, for the avoidance of doubt, if a person fails to comply with an obligation that applied to them under a revoked direction, the person may commit an offence under the Act.
6. A person who was required to comply with the seven day presentation protocol (as that term is defined in the revoked directions and not these directions) is no longer required to comply with that seven day presentation protocol but must instead comply with the **seven day presentation protocol** in these directions.

**DIRECTIONS**

Requirements to present for testing

Standard ongoing requirements applicable to all quarantine centre workers

*Quarantine centre workers must comply with the seven day presentation protocol, which involves presenting at a COVID Clinic for testing every seven days on an ongoing basis until 14 days after the completion of their final or last shift or their last direct contact. In addition, they must comply with the shift presentation protocol on each day they work a shift at a quarantine centre, which involves going to the place at the quarantine centre where mouth swabs are collected. However, a quarantine centre worker is not required to comply with the shift presentation protocol if their shift falls on a day that they receive a nasopharyngeal test for COVID-19 after having complied with either the seven day presentation protocol or the absence presentation protocol.*

7. A person who:

(a) is a **quarantine centre worker** at the time that these directions come into effect; or

(b) is employed, engaged or otherwise becomes a quarantine centre worker after these directions come into effect,

must comply with the seven day presentation protocol from the date of commencement of these directions on an ongoing basis:

(c) until the person completes their final shift at a quarantine centre due to no longer being employed or otherwise engaged as a quarantine centre worker; or

(d) subject to paragraph 8, until the person completes their last shift at a quarantine centre before commencing a period of leave or absence from their position as a quarantine centre worker of more than 4 days in duration; or

(e) in the case of a person who is a quarantine centre worker only by reason of subparagraph (e) of the definition of quarantine centre worker, for a period
ending 14 days after the day on which last knowingly had direct contact with a person in a quarantine centre who is subject to quarantine requirements, unless the person:

(f) is not in Western Australia on a day that they are required to go to a COVID Clinic in accordance with the seven day presentation protocol (but for the avoidance of doubt the person must comply with the seven day presentation protocol on such a day when they are in Western Australia); or

(g) is given a direction to quarantine at a quarantine centre or a hospital; or

(h) is required to quarantine or isolate under either or both of the relevant directions.

8. A person to whom paragraph 7(d) applies must recommence the seven day presentation protocol and upon their return to work as a quarantine centre worker.

9. A person who:

(a) is a quarantine centre worker at the time that these directions come into effect; or

(b) is employed, engaged, or otherwise becomes a quarantine centre worker after these directions come into effect,

must comply with the shift presentation protocol each day that the quarantine centre worker attends a quarantine centre to undertake a shift unless a shift falls on a day that the quarantine centre worker is tested after having complied with the seven day presentation protocol or the absence presentation protocol.

Special additional requirements for quarantine workers on leave or otherwise absent for a period of more than 4 days (excluding persons who cease to be quarantine workers)

Paragraph 10 deals specifically with what happens when a quarantine worker takes a period of leave of more than 4 days, but has not ceased employment or ceased being a quarantine centre worker. Quarantine centre workers must comply with the absence presentation protocol on the day of their last shift before starting the period of leave or absence, on the day they undertake their first shift after that period and on certain days during that period. The places where a person can present for testing will vary depending upon what day of the protocol they are on. A person who is presenting for testing on the day of their first shift back from a period of leave must present to a quarantine centre for testing. A person who is presenting for testing
on the last day before they start leave, or on day 3, 7 or 10 of their leave or absence must present to a COVID clinic or to a hospital emergency department.

10. A person who:

(a) is a quarantine centre worker at the time that these directions come into effect; or

(b) is employed, engaged or otherwise becomes a quarantine centre worker after these directions come into effect; and

(c) is on a period of leave or absence from their position as a quarantine centre worker of more than 4 days in duration (irrespective of whether that period commenced before or commences after these directions come into effect),

must comply with the absence presentation protocol unless the person:

(d) is not in Western Australia on a day that they are required to comply with the absence presentation protocol (but for the avoidance of doubt the person must comply with the absence presentation protocol on such a day when they are in Western Australia); or

(e) is given a direction to quarantine at a quarantine centre or a hospital; or

(f) has been directed otherwise by me or a person authorised by me for the purposes of this paragraph; or

(g) is required to quarantine or isolate under either or both of the relevant directions.

Special requirements applying to quarantine centre workers when they cease employment

Note: Paragraph 11 deals specifically with what happens when a quarantine centre worker ends their employment or engagement or otherwise stops being a quarantine centre worker. The requirements apply in addition to any other requirements that a quarantine centre worker is required to comply with under these directions.

11. A person who:

(a) is a quarantine centre worker at the time that these directions come into effect; or

(b) is employed, engaged or otherwise becomes a quarantine centre worker after these directions come into effect; and
(c) is not a quarantine centre worker only by reason of subparagraph (e) of the
definition of quarantine centre worker; and

(d) ceases to be employed or engaged as, or otherwise be, a quarantine centre
worker,

must comply with the end of employment presentation protocol unless the person:

(e) is not in Western Australia on a day that they are required to comply with the
end of employment presentation protocol (but for the avoidance of doubt the
person must comply with the end of employment presentation protocol on such
a day when they are in Western Australia); or

(f) is given a direction to quarantine at a quarantine centre or a hospital; or

(g) has been directed otherwise by me or a person authorised by me for the purposes
of this paragraph; or

(h) is required to quarantine or isolate under either or both of the relevant directions.

Seven day presentation protocol

12. A quarantine centre worker who must comply with this paragraph must, within seven
days after the then current presentation trigger date for that quarantine centre worker:

(a) go to a COVID Clinic; and

(b) inform a relevant officer at the COVID Clinic that they are required to attend
the COVID Clinic under these directions; and

(c) comply with any instruction which a relevant officer at the COVID Clinic gives
to them; and

(d) answer truthfully if a relevant officer at the COVID Clinic asks the quarantine
centre worker to describe their state of health or whether the quarantine centre
worker has or has had any symptoms; and

(e) remain at the COVID Clinic until the quarantine centre worker has been tested,
or a relevant officer has instructed the quarantine centre worker that they may
leave the COVID Clinic.

Note 1: this paragraph DOES NOT require a quarantine centre worker to be tested for
COVID-19. A quarantine centre worker must consent to be tested for COVID-19 unless
they are directed to have the test by an emergency officer under the Public Health Act 2016 (WA).

Note 2: testing for COVID-19 at COVID Clinics is undertaken by way of a nasopharyngeal swab.

Note 3: a quarantine centre worker who tests positive for COVID-19 in respect of a test done in accordance with the seven day presentation protocol must comply with the Isolation (Diagnosed) Directions (No 2).

Shift presentation protocol

13. A quarantine centre worker who must comply with this paragraph must, prior to completing a shift at a quarantine centre:

(a) go to the place at the quarantine centre where mouth swabs are being collected for the purpose of testing for COVID-19 (testing location); and

(b) comply with any instruction given to them at the testing location; and

(c) answer truthfully if asked, either orally or in writing, to describe their state of health or whether the person has or has had any symptoms.

Note 1: this paragraph DOES NOT require a quarantine centre worker to be tested for COVID-19. A quarantine centre worker must consent to be tested for COVID-19 unless they are directed to have the test by an emergency officer under the Public Health Act 2016 (WA).

Note 2: testing for COVID-19 at quarantine centres is undertaken by way of a mouth swab.

Note 3: a quarantine centre worker who tests positive for COVID-19 in respect of a test done in accordance with the shift presentation protocol must comply with the Isolation (Diagnosed) Directions (No 2).

Absence presentation protocol

14. A person who must comply with this paragraph must:

(a) on the day on which the person undertakes their last shift at a quarantine centre before commencing their period of leave or absence (start day) and on each of the third, seventh and tenth days after the start day, unless the person is no longer on leave on the relevant day:
(i) go to a COVID Clinic or hospital emergency department; and

(ii) inform a relevant officer at the COVID Clinic or emergency department that they are required to attend the COVID Clinic or emergency department under these directions; and

(iii) comply with any instruction which a relevant officer at the COVID Clinic or emergency department gives to them; and

(iv) answer truthfully if a relevant officer at the COVID Clinic or emergency department asks the quarantine centre worker to describe their state of health or whether the quarantine centre worker has or has had any symptoms; and

(v) remain at the COVID Clinic or emergency department until the quarantine centre worker has been tested, or a relevant officer has instructed the quarantine centre worker that they may leave the COVID Clinic or emergency department; and

(b) on the day that the person undertakes their first shift at a quarantine centre after returning from a period of leave or absence:

(i) go to the place at the quarantine centre where mouth swabs are being collected for the purpose of testing for COVID-19 (testing location); and

(ii) comply with any instruction given to them at the testing location; and

(iii) answer truthfully if asked, either orally or in writing, to describe their state of health or whether the person has or has had any symptoms.

Note 1: this paragraph DOES NOT require a person to be tested for COVID-19. A person must consent to be tested for COVID-19 unless they are directed to have the test by an emergency officer under the Public Health Act 2016 (WA).

Note 2: testing for COVID-19 at COVID Clinics and emergency departments is undertaken by way of a nasopharyngeal swab. Testing at quarantine centres is undertaken by way of mouth swab.

Note 3: a quarantine centre worker who tests positive for COVID-19 in respect of a test done in accordance with the absence presentation protocol must comply with the Isolation (Diagnosed) Directions (No 2).
End of employment presentation protocol

15. A person who must comply with this paragraph must:

(a) on the day on which the person undertakes their last shift at a quarantine centre before ending their employment, or, in the event that the person does not cease to be a quarantine worker until a day that is a different day to the day on which they completed their last shift, within 24 hours after the day on which they cease to be a quarantine worker (cessation day):

(i) go to a COVID Clinic or hospital emergency department; and

(ii) inform a relevant officer at the COVID Clinic or emergency department that they are required to attend the COVID Clinic or emergency department under these directions; and

(iii) comply with any instruction which a relevant officer at the COVID Clinic or emergency department gives to them; and

(iv) answer truthfully if a relevant officer at the COVID Clinic or emergency department asks the quarantine centre worker to describe their state of health or whether the quarantine centre worker has or has had any symptoms; and

(v) remain at the COVID Clinic or emergency department until the quarantine centre worker has been tested, or a relevant officer has instructed the quarantine centre worker that they may leave the COVID Clinic or emergency department; and

(b) on each of the third, seventh, tenth and fourteenth days after the cessation day:

(i) go to a COVID clinic or hospital emergency department; and

(ii) inform a relevant officer at the COVID Clinic or emergency department that they are required to attend the COVID Clinic or emergency department under these directions; and

(iii) comply with any instruction which a relevant officer at the COVID Clinic or emergency department gives to them; and

(iv) answer truthfully if a relevant officer at the COVID Clinic or emergency department asks the quarantine centre worker to describe their state of
health or whether the quarantine centre worker has or has had any symptoms; and

(v) remain at the COVID Clinic or emergency department until the quarantine centre worker has been tested, or a relevant officer has instructed the quarantine centre worker that they may leave the COVID Clinic or emergency department; or

Note 1: this paragraph DOES NOT require a quarantine centre worker to be tested for COVID-19. A quarantine centre worker must consent to be tested for COVID-19 unless they are directed to have the test by an emergency officer under the Public Health Act 2016 (WA).

Note 2: a quarantine centre worker or former quarantine centre worker who tests positive for COVID-19 in respect of a test done in accordance with the end of employment presentation protocol must comply with the Isolation (Diagnosed) Directions (No 2).

Other requirements

16. A quarantine centre worker, or a person who has ceased to be a quarantine centre worker but is required to present for testing in accordance with these directions, does not have to comply with paragraph 5 of the Quarantine and Isolation (Undiagnosed) Directions in respect of any test that is performed on them following compliance with the seven day presentation protocol or the shift presentation protocol or the absence presentation protocol or the end of employment protocol, unless the quarantine centre worker:

(a) displayed symptoms at the time the test was undertaken; or

(b) is directed otherwise.

17. If a quarantine centre worker, or a person who has ceased to be a quarantine centre worker but is required to present for testing in accordance with these directions, develops or has recently experienced symptoms, the quarantine centre worker must:

(a) immediately telephone 13 COVID (13 268 43) and ask for an instruction; and

(b) comply with any instruction given.

18. A quarantine centre worker, or a person who has ceased to be a quarantine centre worker but is or was required to present for testing in accordance with these directions, must produce for inspection evidence of any test that is performed on them if requested to do so by a relevant officer.
DEFINITIONS

19. **Absence presentation protocol** means the requirements of paragraph 14, of these directions.

20. **Authorised officer** has the same meaning that it has in the Act.

21. **COVID Clinic** has the same meaning that it has in the Presentation for Testing Directions (No 16) or any further directions that replace those directions but for the purposes of these directions also includes a clinic that has been set up at a quarantine centre specifically for the purposes of enabling nasopharyngeal testing for COVID-19.

22. **Direct contact** has the same meaning as in the Controlled Border for Western Australia Directions.

23. **Direction** includes any direction under the Act or the *Public Health Act 2016* (WA), whether the direction is given orally or in writing, and **directed** includes directed by way of a direction under the Act or the *Public Health Act 2016* (WA), whether the direction is given orally or in writing.

24. **Emergency officer** has the same meaning that it has in the *Public Health Act 2016* (WA).

25. **End of employment presentation protocol** means the requirements of paragraph 15.

26. **Hospital** has the same meaning that it has in the *Health Services Act 2016* (WA).

27. **Instruction** means an instruction given for the purposes of these directions which is not a direction, whether the instruction is given orally or in writing, and **instructed** means instructed by way of an instruction given for the purposes of these directions, whether the instruction is given orally or in writing.

28. **Police officer** means a person appointed under Part I of the *Police Act 1892* (WA) to be a member of the Police Force of Western Australia.

29. **Presentation trigger date** means, in respect of a quarantine centre worker, the most recent date on which any of the following occurred:

   (a) the quarantine centre worker was last tested after having complied with the seven day presentation protocol under these directions or the revoked directions; or

   (b) the quarantine centre worker completed their first shift at a quarantine centre, in the case of a quarantine centre worker who was employed, engaged or otherwise
became a quarantine centre worker at or after the time these directions come into effect; or

(c) the quarantine centre worker completed their first shift at a quarantine centre after taking a period of leave or absence from their position as a quarantine centre worker of more than 4 days in duration; or

(d) the quarantine centre worker last knowingly had direct contact with a person in a quarantine centre who is subject to quarantine requirements, in the case of a person who is a quarantine centre worker only by reason of subparagraph (e) of the definition of quarantine centre worker.

30. **Quarantine centre** means any quarantine centre operated or managed by the State Health Incident Coordination Centre (including a hotel quarantine centre) or which has been arranged by the State Health Incident Coordination Centre for the quarantining of people for public health purposes in connection with COVID-19.

31. **Quarantine centre driver** has the same meaning that it has in the Quarantine Centre Drivers Directions or any further directions that replace those directions.

32. **Quarantine centre worker** means:

(a) a person employed or otherwise engaged to provide at a quarantine centre:

   (i) security services, cleaning services or reception services; or

   (ii) food and beverage or hotel maintenance services; or

(b) a person who is employed or otherwise engaged to provide at a quarantine centre services that involve the provision of medical, health or ancillary services, including welfare related services; or

(c) a **police officer** who is deployed to carry out an assigned shift at a quarantine centre; or

(d) a member of the Australian Defence Force who is deployed to carry out an assigned shift at a quarantine centre; or

(e) a person who for any other reason knowingly has direct contact with a person in a quarantine centre who is subject to quarantine requirements, but does not include a **quarantine centre driver**.
33. **Quarantine requirements** has the same meaning that it has in the Controlled Border for Western Australia directions.

34. **Relevant directions** means:
   
   (a) the Quarantine and Isolation (Undiagnosed) Directions (No 2); and
   
   (b) the Isolation (Diagnosed) Directions (No 2).

35. **Relevant officer** means:
   
   (a) an *authorised officer*; or
   
   (b) an emergency officer; or
   
   (c) a *responsible officer*.

36. **Responsible officer** means:
   
   (a) an officer, employee or contractor of the Department of Health; or
   
   (b) an officer, employee or contractor of a health service provider; or
   
   (c) any other person authorised by the Chief Health Officer orally or in writing to perform a function for the purposes of these directions.

37. **Seven day presentation protocol** means the requirements of paragraph 12 of these directions.

38. **Shift presentation protocol** means the requirements of paragraph 13 of these directions.

39. **Symptoms** means any one or more of:
   
   (a) a fever of 37.5 degrees or above;
   
   (b) a recent history of fever; or
   
   (c) symptoms of acute respiratory infection (including, but without limitation, shortness of breath, a cough or sore throat); or
   
   (d) loss of smell or loss of taste.

40. **Test** and **tested** means test for COVID-19 and tested for COVID-19 respectively.
PENALTIES

It may be an offence to fail to comply with any of these directions, punishable by imprisonment for up to 12 months or a fine of up to $50,000 for individuals and $250,000 for bodies corporate.
