School resumption has been postponed until further notice as the preventive measures against the COVID-19 pandemic continues, according to a directive of the Ministry of Education, Youth and Sports (MoEYS) issued yesterday evening.

The extension of class suspension covers all educational institutions at all levels, all forms, both public and private, and teacher training institutions, it pointed out.

During this period, it added, the distance learning and e-learning measures are supported and boosted while permanent cleaning of school institutions is advised
